Friday 1st December

## Decoration Day

Today at Altrincham CE Primary School it was busier than Santa's Workshop at the North Pole!

Yes, it was time for our annual Decoration Day! This has become a very popular and much anticipated event in the school calendar. The children drew, painted, cut, glued and glittered to their heart's content and in doing so further developed their art and design technology skills.

This year was even more special because the children were making decorations for St George's Christmas Tree Festival.

### Stars of the week!
