WELCOME BACK!

Litter Heroes!

A huge well done to our fantastic school council who went to pick up litter on a very wet Thursday afternoon, in Stamford Park.

We worked in partnership with the school councillors from Stamford Park PS.

We met representatives from The Friends of Stamford Park and Trafford to discover ways in which we could help the local community and the environment.

We were shocked to find out that Trafford alone spend £2 million pounds per year tackling litter.

The school councillors are determined to be courageous advocates for keeping Altrincham clean and tidy!
