

## Fledglings Summer Term 1

### Homework

Here is a list of suggested homework activities for Fledglings this half term. These are optional and there's no pressure to do any but we would love for you to try one or more. Also, feel free to suggest your own ideas/activities. We would love to see them! Please share any images with us on Seesaw. This will be a great opportunity for your child to share their learning and experiences from home with their teachers and peers.

Write a shopping list. Go to the shop and buy the items on your list. Can you recognise the coins?	Go on a minibeast hunt. Draw a picture of your favourite minibeast. Can you make a little home for it?	Look at pictures of yourself when you were a baby. How have you changed?	Help to cook a meal with your family. Can you safely use a knife to chop the vegetables? Maybe grate some cheese?	Enjoy an ice cream/ice lolly in the sunshine. Is it melting? What does it taste like? How does it look? Can you describe it?
Can you select an outfit to wear on a sunny day? Do you need a hat? Can you put on sun cream and be safe in the sunshine?	Organise a teddy bears' picnic in the garden or park. Can you read a story to your teddies?	Find leaves, twigs, petals and other nature objects. Can you create a picture with them?	Plant a seed at home (beans, cress, sunflower etc) and watch it grow. Can you draw a picture of it?	Play a team game? Maybe rounders, cricket or football. How does it feel when your team wins / loses?
